

Minister of Environment and Climate Change

Minister responsible for Efficiency Manitoba

Legislative Building, Winnipeg, Manitoba R3C 0V8 CANADA

OCT 22 2025

Brigette DePape
Chair, Expert Advisory Council

Dear Brigette DePape and Members of the Expert Advisory Council:

Thank you for accepting the invitation to serve on the Expert Advisory Council. Over the period of your term and until such time as a new mandate has been issued, I am requesting the Council address the following mandate items:

1. Provide advice and recommendations to achieve the key initiatives in the Path to Net Zero by 2050, including action plans.
2. Provide advice and recommendations on time-bound greenhouse gas emissions reduction targets and reporting.
3. Review progress on emissions reduction targets by assessing annual greenhouse gas emissions and effectiveness of current strategies.
4. Provide advice on the development of a provincial Climate Change Adaptation Strategy.
5. Provide guidance on the provincial approach to Integrated Watershed Management Plans in the context of a changing climate and the Path to Net Zero.

In addition, I also ask that you engage with and seek input from the Youth Advisory Council on all of the mandate items noted above. This work will support important decisions that the Government of Manitoba will make as we transition to a climate-resilient, low-carbon future.

Kind Regards,

Honourable Mike Moyes
Minister of Environment
and Climate Change
